

ADVICE FOR VISITORS

The Island Cinema has been closely monitoring the situation regarding COVID-19 and we have been advised in a briefing by Jonathan Van Tam, the Deputy Chief Medical Officer, that events at the Cinema should continue as normal. Our Terms and conditions of sale are available on our website.

This is a rapidly evolving situation and we will continue to regularly check Public Health England and World Health Organization guidance.

Please be assured that the safety and health of our staff and visitors is our number one priority. Should there be any changes to the current status, we will take account of any recommendations from the relevant authorities, and implement all appropriate instructions accordingly.

To protect our visitors and staff we are maintaining additional cleaning and disinfection measures.

We will also use this opportunity to remind you to follow standard good hygiene practice such as:

- Cover your mouth and nose every time you cough or sneeze. Use a disposable tissue if possible and dispose of it in a bin*
- Wash your hands regularly with soap and water especially every time you cough or sneeze, or use an alcohol-based hand-sanitising product.*
- Avoid touching your face with your hands.*
- If you have a general cough/cold, avoid close contact with others such as hugging or shaking hands.*

We very much look forward to welcoming you to the Island Cinema.
